# Specialities

---

## GENERAL

This is the cornerstone of what we do, where we've built a reputation for excellence. From administrative support to technical experts and managerial positions, we find the right candidate for your role every time!

We've successfully placed candidates across:

- Finance & Accounting
- Construction
- Technology & IT
- Marketing & Communications
- Operations & Administration
- Healthcare & Life Sciences
- Engineering & Manufacturing

## SALES

We are leading sales recruitment specialists, we connect businesses with Ireland's leading sales professionals. With an extensive database of skilled candidate, across all sales disciplines, we provide tailored recruitment solutions to make your business thrive.

Our extensive database includes:

- Business Development Executives
- Account Managers
- Technical Sales Representatives
- Sales Managers and Directors

## ENVIRONMENTAL

We are dedicated to supporting businesses in the environmental and sustainability sectors by connecting them with exceptional talent. Whether your focus is on renewable energy, waste management, conservation, or sustainable development, our expert team leverages deep industry knowledge and an extensive network to find professionals who drive positive change.

- Large database of top tier talent
- In-depth understanding of environmental sector
- Tried and tested headhunting methods

# Services

---

## Traditional Contingency

A risk-free, results-driven solution designed to connect you with top-quality candidates for your permanent roles. You only pay for our services when we successfully place a candidate in your organisation.

- No financial risk
  - Tried and tested headhunting methods
  - No stone left unturned
  - Tailored service levels
  - Accountability
- 

## Professional Retainer

Unlike contingency recruitment, where payment is made only upon a successful placement, retainer recruitment operates on a fee-based structure. This upfront commitment ensures our team dedicates the necessary time and resources to identify, attract, and place the most suitable candidates for your business-critical roles.

- Exclusive Partnership
  - Strategic Search Process
  - Priority Access to Top Talent
  - Greater Success Rates
- 

## Consultancy

Our consultancy service is designed to support you at every stage of the recruitment process. From refining your job specifications to providing expert insights during interview!

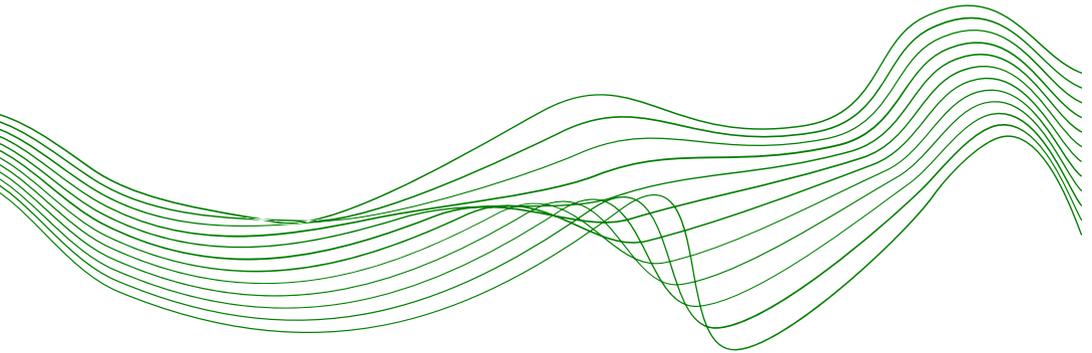

We offer:

1. Recruitment Strategy Development
2. Workforce Demographics & Market Insights
3. Advertising & Candidate Attraction
4. Shortlisting & Candidate Selection
5. Interview Support
6. Post-Interview Analysis & Decision Support
